

# DOCJT's Drexel Neal Retires

DOCJT's Staff Services and Planning Section Supervisor Drexel Neal retired at the end of June. Neal joined the Department of Criminal Justice Training in 2005 following his 28-year career with the Lexington Division of Police where he retired as assistant chief and commander of the Bureau for Internal Affairs. He then became Interim Director at the Fayette County Division of Community Corrections.

After joining DOCJT's staff, Neal served as Executive Director of the Kentucky Community Preparedness Program until its completion in 2008. He then moved to Staff Services as a supervisor.

During his time in Staff Services, Neal directed the Cold Case Initiative project, making thousands of cold-case files available in a searchable, easy to read format for investigators across the state.
